

Unstickable in any Pool

SOMETHING
TO
SMILE ABOUT

Technology is the Difference

- Ideally suited to modern, compact pool profiles
- KleverTurbine silently delivers maximum continuous suction for fast, thorough cleaning
- Powerful turbine and KleverSteer intelligent steering make Sprinta unstickable
- KleverSkim automatic surface skimming and vacuum control

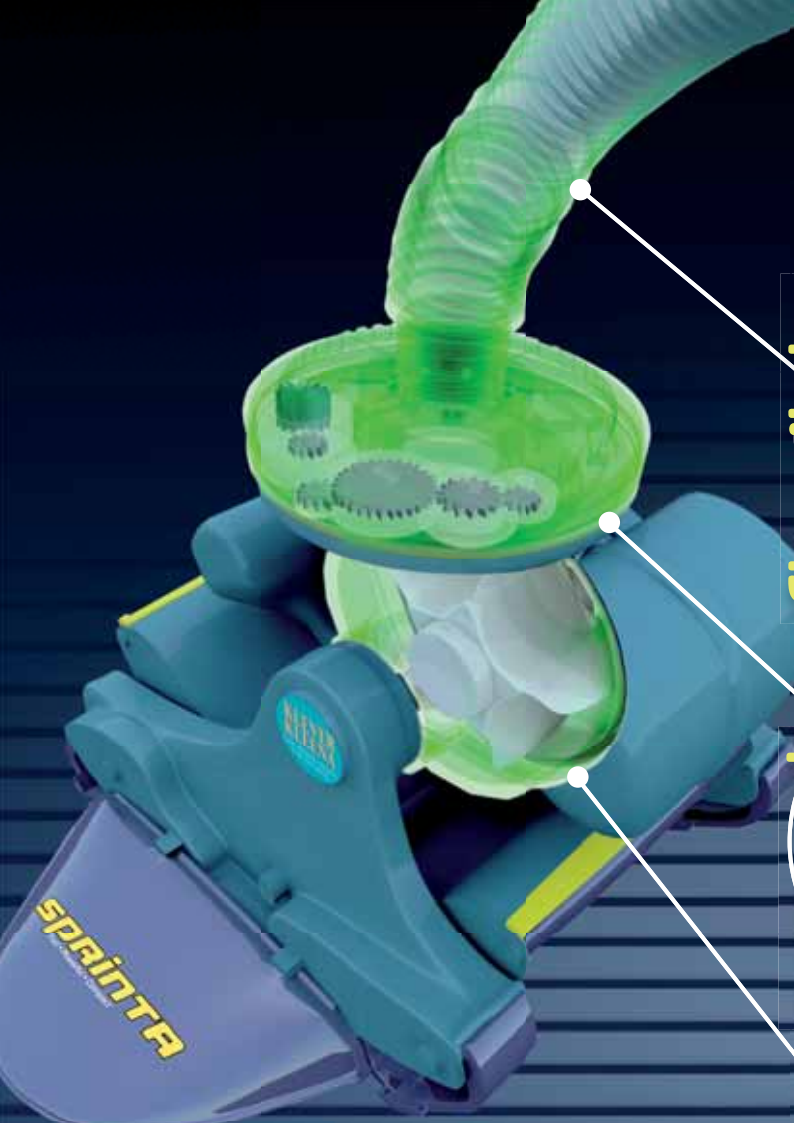

SPRINTA
Technology is the Difference

A Smarter and Faster Automatic Pool Cleaner

SPRINTA

Technology is the Difference

flexible

Sprinta has the incredible KleverKonecta that allows it to pivot and turn effortlessly in any direction so no corner or surface is missed.

smart

The KleverSteer Intelligent Steering System:

- Guides Sprinta quickly and efficiently around any pool
- Negotiates smaller pools with ease
- Ensures complete coverage of all pool surfaces

fast

Sprinta's unique KleverTurbine technology:

- Superior mechanical efficiency
- Powerful, whisper-quiet operation
- Drives Sprinta faster
- Delivers maximum continuous suction

klever

- KleverSkin is easy to install and works with your existing pool pump – you'll be up and running in minutes
- KleverSkin provides efficient automatic surface skimming and vacuum control

Technology is the difference that makes Sprinta a smarter and faster automatic pool cleaner

Superior Sprinta technology means faster, more efficient automatic cleaning – and makes Sprinta unstickable in any pool.
